

PAR[™] | Drive-Thru

Delivering
the Magic.

LOUD AND CLEAR

The Sound Choice

**HEAR YOUR GUESTS LOUD
AND CLEAR EVERY TIME**

Say Goodbye
to Downtime

Take service into your own hands
with the G5's unique modular
headset design.

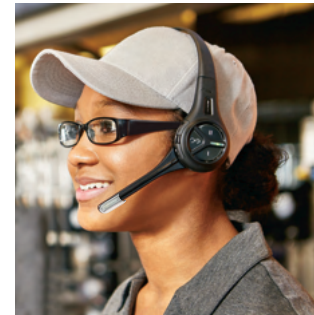

One of a Kind

The only headset on the market with a modular design. Made up of a carrier, battery, and control pod.

Designed to Grow with You

The G5 system expands from a single lane to a dual lane in minutes.

Embracing the Future

Upgrade ready; the G5 system will be with you as your technology changes.

Always On Time

Integrates with Techknow™, a PAR Technology solution and a number of third-party timer applications to keep you moving.

Easy as 1, 2, 3

STAY POWERED UP ALL DAY LONG.

The modular design of the G5 Headset allows operators to quickly remove the battery, detach the Control Pod from the Carrier, and replace components in seconds! Replacing only what is needed not only reduces downtime, but also reduces the total cost of ownership.

G5 with Audio Enhancement:

A NEW ORDERING OPTION FOR THE G5

The G5 hardware Audio Enhancement kit previously available as an optional add-on can now be initially ordered as a pre-configured solution from the factory, so you don't have to disrupt your drive-thru operations when upgrading at a later time.

Benefit of the hardware Audio Enhancement kit:

Reduces ambient noise (highways, traffic, construction, etc.) and helps amplify volume so you can hear your customers better and keep your drive-thru running efficiently.
