

Robust point-of-sale terminal that's on the frontline of advanced technology

Good-looking and equipped with the latest processors, PAR Phase is ready to serve in fast-paced environments for years to come

- Designed to work as hard—and as fast—as you do, with the latest processors and materials that will stand up to harsh serving conditions
- Proven reliable in a wide range of concepts and the most demanding hospitality environments
- Elegant, modern form factor

Proven to withstand extreme hospitality with industry-leading MTBF (Mean Time Between Failure)

PAR Phase is fast and powerful, yet durable enough to stand up to messy moments, day after day

- Rugged and durable in high-traffic and harsh foodservice conditions
- Passes intensive heat and humidity testing in a test chamber plus extensive in-field testing before being released to market
- Modern design will look attractive in your store

Modern components power today's software and tomorrow's innovations

On the leading edge today, and ready for whatever you can imagine tomorrow, PAR Phase gets the job done.

- Modern chipset and ample memory execute fast ordering and payment alongside complex software demands
- Cutting-edge today means it will be ready for whatever ordering channels or software challenges you throw at it tomorrow
- Embedded chipset ensures reliable, long lifecycle
- Choice of form factors and available features such as a customer-facing display

Form factors to support all the way you serve guests

Easy access makes upgrades and service fast

PAR Phase POS Terminal is only part of what we offer.

PAR Technology offers every tech a restaurant could ever need, front to back. You'll find hardware, software, ordering, kitchen management, operations, guest loyalty & engagement, and so much more. Plus, our solutions 'play nice' with other providers' solutions, so you can keep using the software that works for you, your team, and your restaurants. Working with one vendor for all your needs means you can focus on giving your guests great food and awesome experiences.
