

Maximize the potential of your growing restaurant business with PAR's industry-leading POS platform

Meet PAR Brink POS – the only leading cloud-based SMB POS technology you need to simplify your restaurant operations and scale your business.

Brink POS adapts to your unique journey and streamlines restaurant management with powerful functionality that includes ordering, payments, kitchen, menu and staff management, analytics, hardware and more – from one trusted partner. This means smoother operations, enhanced service speed and accuracy, and more time for you to focus on what matters most: delivering exceptional guest experiences.

PAR Brink POS is the trusted partner and growth enabler your business deserves

Right Sized Pricing:

Truly consultative portfolio pricing without punitive contracts, surprise add-ons, or junk fees that meddle with your guest relationships. Leverage the power of a modern POS without breaking the bank.

Easy-to-Use, Tailored Solution:

Fully configurable system, with both out-of-box templates and the ability to tailor branding, menus, and workflows to suit your exact needs. With Brink's user-friendly interface, employees are trained and ready to go in less than 30 minutes!

Expert Support, White Glove Approach:

Hassle-free installations and a full suite of local service offerings to better serve you. 24/7 partner support without additional fees, even during late-night hours. Issues are always addressed by experts intimately familiar with your system.

Simple Multi-Store Management:

Easily schedule and publish updates across locations and get real-time actionable insights into business performance from anywhere. Access 150+ reports on sales, labor, product mix, kitchen performance, and more.

Open and Reliable:

Keep the 3rd-party partners you love plus choose from 250+ top integrations without limitations. Always keep the store running, even in the most demanding environments, with Brink's industry-leading in-store resilience and uptime.

"Better Together" Pair Brink POS with PAR Payments and Hardware for a seamless experience

Award-Winning Merchant Services:

Unlock more customer insights and capabilities when you use PAR Brink POS + PAR Payments together. Allow your customers to pay how they want and give them peace of mind that their credit card information is always safe. You do not have to worry about staying on top of security and compliance certifications – we take care of that for you.

Hardware Made to Last:

There is a reason PAR's hardware is trusted by the largest enterprise brands. Not only is it sleek, but it is also durable and made to last. No matter what type of restaurant you operate, we have the hardware to support it.

“Considering the brand’s growth aspirations, the cloud-based PAR Brink POS makes it the ideal centerpiece in a standard tech stack that will help the IT team and me equip future locations more easily.”
