PAR | Wave

A Multipurpose and Eco-Friendly All-In-One Touch Panel

Proven durable in the harshest hospitality environments, the PAR Wave is the only POS terminal on the market designed to be eco-friendly and easily evolve with your restaurant.

Get a POS Terminal that can do both at the same time: Look Beautiful and Power Your Restaurants without Interruptions.

Highly configurable & slim design allows for maximum versatility.

Highly configurable & slim design allows for maximum versatility

The PAR Wave supports a full range of concepts: counter service, drive-thru, and full-service restaurants to casinos, cinemas, and convenience stores.

- Zero-bulk design: cables are hidden, and the display serves as the device's intelligence center.
- Optional add-on features including guest-facing displays, mag stripe reader, and biometric scanner, and more.
- A variety of mounting options to serve multiple purposes. Convert it into a kiosk or mount it on the wall to best fit your operations.
- Several performance options to support even the most complex software needs now, and into the future.
- 45-degree tilts to adjust to counter, employee, and guest different heights.

Built to last in the harshest conditions

The PAR Wave offers the same durability and reliability you've come to expect from PAR Hardware.

- Resistant against soda spills, grease, and common cleaners including ammonia and disinfectants.
- Equipped with internal Hardware Health Monitoring (requires PAR RemoteCare) so you will always know what is going on with your terminal.

Simple Installation and Low Maintenance

PAR Wave is incredibly intuitive and simple so your employees will be expert users in no time. Installation doesn't require an entire toolbox. Start taking orders in less than 15 minutes out of the box.

- Save on storage space with PAR Wave's collapsible, slim design.
- Configurable pole mounts are easily attachable and detachable to create a variety of specialized mounting options.
- Doesn't require any regular maintenance other than routine cleaning.
- Power-On Self Tests will check terminal for any internal issues with each power cycle.

Sustainably made for a healthier planet

PAR Wave is the first POS terminal designed with eco-friendly principles.

- Collapsible design allows for optimized shipping capacity with fewer shipping materials, reducing transport carbon footprint.
- Packaged with biodegradable plastic
- Shipped in fully recyclable cardboard boxes
