

| Brink POS[®]

DELIGHT GUESTS AND EMPLOYEES WITH PAR'S INDUSTRY-LEADING POS

Brink POS empowers operators to remove friction and improve efficiencies in every aspect of restaurant guest service

Cloud-based Brink POS checks all the boxes for multi-unit operators, including enterprise administration, seamless ordering and fulfillment, intelligent kitchen management, comprehensive analytics and insights, and simpler tech integrations.

Modern features enable staff to deliver the convenience guests demand.

- Improves guest experience with fast ordering
- Minimizes employee learning curve with easy-to-learn interface
- Meets demand for seamless digital and third-party ordering
- Simplifies omnichannel service with multi-unit menu and pricing management

Cloud-based architecture powers innovation and delivers efficiency and insights across the operation.

- No more physical servers, laborious hands-on upgrades, or single points of failure
- Keeps orders flowing even with temporary loss of Internet
- Stable in the most demanding environments, handling 150MM+ orders monthly
- Secure access to real-time data from anywhere

Brink POS offers the **configurability, scalability, and support** you need so you can focus on serving your guests.

BRINK POS MEETS THE NEEDS OF ESTABLISHED AND GROWING BRANDS

Ecosystem-Rich: Brink POS's open architecture empowers operators and franchisees to define their own tech stack with our open APIs and flourishing integration ecosystem of 300+ partners. This means more flexibility, freedom to innovate, and future-readiness.

Proven: The first cloud POS designed specifically for enterprise operators, proven in the market with 20,000+ active sites.

Configurable: Brink POS is trusted by recognizable restaurant brands, many with 1000 locations or more. Schedule and publish updates (involving menus, prices, layouts, etc.) to one, several, or all locations so you can design your workflows to support your multi-unit needs.

Well-Supported: PAR Services is a reliable partner with in-house support 24/7/365, field services, installations, training, and more.

PAR can be your one go-to system, service, and supplier.

- Kitchen management by PAR Brink POS
- All-in-one drive-thru with PAR Drive-Thru
- Digital ordering and restaurant e-commerce by PAR MENU
- Reporting and restaurant operations management by PAR Data Central®
- Loyalty and engagement by PAR Punchh
- Secure end-to-end payments solution with PAR Pay™ and PAR Payment Services
- Customer-acclaimed PAR Services every step of the way from 200+ experts with restaurant experience

FLEXIBLE HARDWARE OPTIONS ALSO OFFERED “AS-A-SERVICE”

Our industrial-grade terminals, tablets, headsets, and kitchen display systems help you serve guests your way: counter, sit-down, table-side, line-busting, drive-thru, and curbside. To give you choice, Brink POS is also hardware-agnostic and can run on any Windows device.

“PAR Brink POS was the first product we deployed due to the simplicity of the user interface and the flexibility of the design. We also liked the unit-level reporting suite for a single unit manager, the fact that it was cloud-based, and that it was affordable.”

- Tim Carter, CFO, Salsarita's
